INTENSIVE CZECH LANGUAGE COURSE

To give students the opportunity to learn the basics of Czech language, the CU organizes an Intensive Czech Language Course open for all incoming Erasmus+ students. The course takes place 3 weeks before the beginning of each semester in an online/in-person form.

Students are informed about the possibility to join during the application process.

BUDDY PROGRAM

The CU offers a buddy program for international students. If interested, students are matched with a local student who will help the incoming student to settle in a new city. The buddy program is a great way for students to adapt in the new university environment and to explore Czech culture. More about [Buddy Program](#).

STUDENT AND STAFF SUPPORT

The University provides a wide range of support for students with special needs. [The Carolina Centre](#) is a team of professional advisers who give assistance and information about possible adjustments. The Carolina Centre also offers free counselling for all students and staff.
