Overview

After an introduction to arbitration as a dispute resolution mechanism, the course will focus on various practical issues of international arbitration. Course materials include compulsory readings and case law materials.

The **outline** of the issues to be covered during the classes is the following:

1. Arbitration agreement
2. Courts and arbitration
3. The arbitral proceeding
4. Arbitral awards
5. Recourse against arbitral awards
6. Recognition and enforcement of arbitral awards

Working method

Students are expected to read the materials in advance and discuss them in class. The materials for each class are available on the course Moodle site.

Assessment

- . regular attendance (students are allowed to miss two classes per semester)
- . examination (moot court format)
